As you will see in the last screenshot (example from IES San Benito), the status of your profile within the school appears as “**Awaiting eTwinning Validation**”, which means that your profile still needs to be validated. Remind your school's management that they will receive an email to confirm your registration request. Once confirmed, the eTwinning representative for your Autonomous Community will give the relevant approval and your validation will be done through the eTwinning SNA. After these steps, your profile will appear as “**eTwinning validated**”.

2) How to delete a school or organisation

To delete a school or organisation, you must log in from your ESEP account to your profile (“**MY PROFILE**”). Once there, you must select the school you want to delete and, in the drop-down menu (marked in yellow), click on the option “**LEAVE ORGANISATION**”.

Finally, check the “**ORGANISATIONS**” section in your profile again, where you can see that the school you had selected has been successfully removed.
